

LED 1x4 Back Lit Panel

FEATURES

LED 1x4 Back Lit Panel is thoughtfully designed for superior illumination, ultimate efficiency, and easy installation, this 1x4 LED panel offers a larger driver for more space when wiring and a sturdy concave-convex backplate for no light leakage. Double-sided welding provides a seamless, polished frame and PMMA material guarantees perfect light output without the risk of yellowing. This troffer provides three wattage options, 25W/30W/40W on each unit, for a lumen output of either 3125lm/3750lm/5000lm, and offers three color temperature options: Soft White (3500K), Bright White (4000K), and Cool White (5000K).

Emergency LED Driver
#61402
